

Examples

- <https://www.fossjobs.net/>
 - Front page is very clearly a list of jobs available
 - Filters on the side for region and position type
 - RSS
 - Craigslist like interface
- <https://github.com/topics>
 - Clear UX website
 - Great way to find projects but not necessarily to contribute to
- <https://github.com/t9tio/open-source-jobs>
 - Listing of jobs
 - Manually maintained
 - Not comprehensive
 - No way to submit easily
- <https://alternativeto.net/>
 - Great way to find projects but not necessarily to contribute to
- <https://www.upwork.com>
 - Job-focused
 - Commerce heavy
- <https://opensource.guide/>
 - Fantastic documentation
 - Creative commons
-
